

Boarding Policies

All Care Veterinary Hospital

1. All animals must be current on vaccinations, including: Bordetella (Kennel Cough) within the last six months, Canine Distemper, Parvovirus, Leptospirosis, or Feline Upper Respiratory Viruses within the last year, and Rabies as required by law. To prevent the spread of parasites, all dogs must have had a negative (NPS) fecal examination within the last year. **IF PROOF OF CURRENT VACCINATIONS AND FECAL EXAM ARE NOT PROVIDED, THEY WILL BE GIVEN AT TIME OF DROP OFF, AND REGULAR CHARGES WILL APPLY.** There may be additional boarding charges for females in heat, or puppies.
2. Parasites such as fleas or ticks will be treated at owner's expense at the time of drop off.
3. Boarded animals are attended twice daily when the clinic is closed, but **continuous presence of personnel after business hours is not provided.**
4. Dogs staying three or more nights will receive a complimentary bath the morning of their release. For early morning pick up, please let us know so we can bathe your dog the day before. For a stay of less than three nights, we will be happy to bathe your dog or ½ price if you specify at drop off. Cats are not routinely bathed, but may be if requested at time of drop off, and regular charges will apply.
5. Minor illnesses or injuries are treated in an appropriate manner. We must have an emergency number to contact you or someone you specify in case of a serious problem. In lieu of contacting an individual, you may authorize treatment as needed by signing in place of a phone number.
6. We routinely feed Purina Prescription Diet EN Formula. If your pet has special requirements, please let us know.
7. **THERE WILL BE AN EXTRA CHARGE OF \$4 A DAY IF YOUR PET REQUIRES MEDICATION.**

Please indicate any daily medications required below:

Name and Strength of medication:	Times Given

Client: _____

Pet Name: _____

Boarding Dates: Day In _____ Day Out _____ Time Out _____
